Advanced package server specs

The Advanced package instances have the Basic specs by default, but the servers will be upgraded to the specs listed below if requested by the Subscriber, or if you face issues with the instance.

Can be upgraded up to (with no extra costs):

Instance	vCPU	RAM	Storage
Nextcloud, Peertube, Funkwhale	2 vCPU	4 GB	500 GB
Bigbluebutton	8 vCPU	16 GB	500 GB

Note: if you will need a server upgrade with specs higher to those listed in the table, you can reach out to support(at)cloud68(dot)co and our team will guide you on the next steps.
